Entrepreneur Program

Entrepreneurs see opportunity everywhere. They see a problem or challenge as an opportunity to help people.

Entrepreneurship is not just about business and starting companies. Entrepreneurs create value. That value can be measured in any number of ways: financial, social or happiness for example.

Join our 8 week Program
and learn and practice
Entrepreneurial skills: work in
teams, generate ideas, create
prototypes, understand
design thinking, practice
public speaking and finally
pitch your big idea!

**Friday mornings 7.30 -
8.30am**
