Principal's Foreword

Introduction

Our school was established in January 1925 and was originally staffed by the Presentation Sisters until 1990. Brisbane Catholic Education now administers our Parish school, as we continue to provide high quality teaching and learning in an inclusive environment in our local community.

The students who attend St Agatha's School work with teachers who are passionate and inspiring in a supportive environment. They form part of a community which will prepare them to live with joy and confidence in a changing world. The high quality of educational experience for students is due to year level team based planning, assessment and monitoring of student learning and progress, as well as the participation of staff in whole school quality professional development.

As Principal, and as a former pupil of St Agatha's School, I am proud to be leader of a community school which vibrantly engages students in their learning and promotes Catholic family values in a nurturing environment. We have a proud history and tradition of caring for our community.

School Profile

St Agatha's Primary School is a Catholic school administered through Catholic Education, Archdiocese of Brisbane.

Coeducational or Single Sex

Year levels offered: Primary Secondary P-12

Total Student Enrolments 331 Girls 206 Boys 125

Characteristics of the student body

Our student body is comprised of primary aged children from the Clayfield Parish and surrounding suburbs.

Our students, staff and parents are committed to achieving their academic best in all curriculum areas. Students are motivated and enthusiastic in their learning, and with the support of their parents and teachers, high quality outcomes are achieved.

Our female students complete their primary schooling from Prep to Yr. 6 at St Agatha's, with the majority of students then choosing nearby St Rita's College for their Secondary Education. Our male students have historically left St Agatha's school after completing Yr. 4 to enrol at Religious Institute Schools nearby, e.g. St Joseph's College, Gregory Terrace, Padua and Nudgee College.

Our students enjoy and consistently participate in our extra curricular activities offered by the school, e.g. Drama, Music, Robotics, Art, Tennis, Musical Theatre and Chess. These activities supplement the many activities our students engage in outside school hours.

How Information and Communication Technologies are used to assist learning

St Agatha's School offers a 1-1 Laptop Programme for students in Yrs. 4, 5, & 6. We provide learning anywhere, anytime for all students which will enhance learning opportunities and engage students in authentic learning activities. iPads are used throughout the school for learning and digital development. Interactive white boards are in use in all learning areas, including our Performing Arts Centre. This technology provides a visual enhancement for all learners, and is used across all curriculum areas. An effective and efficient Wi-Fi network enables access to a large range of online educational technologies. All students have access to their own e-mail account which provides another way of interacting with the teacher and with each other. All teaching staff have a designated laptop for teaching use and lesson preparation as well as recording assessment data.

Social climate inclusive of pastoral care and our response to bullying

St Agatha's school is supported by energetic groups involving parents and community members, who operate effectively. These groups, i.e. School Board and Parents & Friends Association contribute highly to school community building, school parent dialogue, and the ongoing renewal of the school.

Strong links exist at St Agatha's school, and these are continually fostered between the school, local and wider Church. These strong links significantly enhance the school and the local Church community, and are supported and valued by all stakeholders.

The school has a strong culture for formal and informal community relationship building opportunities. A variety of well planned activities are offered and these are always well engaged. Parents hold many social functions that achieve the outcomes of community building and student social support. St Agatha's school does not tolerate bullying and promotes safe behaviour practices in all classes.

Parent, student and teacher satisfaction with the school

There are high levels of staff involvement with students and their learning at St Agatha's school. This includes the pastoral and community life of the school.

Each year we participate in a process of Internal Validation through which a number of priorities are examined to identify areas of strength and areas for improvement. This process offers all parents the opportunity through printed surveys to give feedback on the areas specified.

Up to 40% of families responded to these surveys providing effective comments and feedback which helps form the basis of our school planning. The School Board has completed the development of our school's Vision and Mission statements, which reflects the effective understanding of our school's place in the development of students' learning. Staff continue to engage professionally in their own learning, which demonstrates high levels of satisfaction with the school.

Parent involvement in their child's education

Highly proactive and effective processes for communicating and engaging with members of the school community consistently operate at St Agatha's school.

Weekly school assemblies attract large crowds of parents in support of their students.

Weekly school Newsletter are also an authentic source of community information which ensures continued involvement for parents in their child's education.

Each term students celebrate a class Mass or the Sacrament of Reconciliation in St Agatha's Church. The school acknowledges and celebrates the involvement of the whole community in a rich culture of events, rituals and celebrations, often involving the local Church community.
